MooreCo reserves the right to correct pricing and/or copy errors. Due to the current volatility in the price of raw and finished materials, please refer to our web site for the latest price list for pricing. Since individual items are subject to availability of materials from our suppliers, we reserve the right to limit quantities. All shipping weights are nominal and may vary depending on items and quantities ordered. When ordering please contact MooreCo customer service at 1-800-749-2258 for accurate shipping rates and lead times.

Board dimensions reflect panel sizes prior to framing. All boards listed as 3′H × 4′W actually measure 33-¾″H × 48″W due to shipping restrictions. Dimensions on all glass dry erase boards are estimated and may vary slightly.

Fabrics and finishes shown in images are chosen for illustration purposes only, and do not necessarily represent accurate scale, color, or best purpose of use. Please consult with our professional design team before selecting fabrics and finishes for your space.

Return Policy: A return authorization is required for the return of any merchandise. All requests for returns should be made within 90 (ninety) days of receipt of merchandise. The dealer may be responsible for restock and return freight charges. Returned products must be unused, undamaged, and in the original packaging. Please contact customer service for more details. Returned merchandise may be subject to a restocking fee.

Non-Returnable Merchandise: All boards and furniture which have been custom sized, custom framed, or customized to specifications will be considered a non-returnable item.

THRIVE™
BY MOORECO

Find Your Direction:

Compass is built to inspire hands-on learning

Today's learning environments need to do more than store supplies and support activities; they need to inspire curiosity, encourage collaboration, and adapt to the ever-changing needs of students and educators. Our Compass family was created to do exactly that.

Guided by MooreCo's Thrive Philosophy, Compass is a comprehensive collection of storage cabinets, makerspace furniture, and flexible workspaces designed to help learning thrive. Every piece is thoughtfully crafted to maximize space, support movement, and create opportunities for hands-on learning and discovery.

Whether students are building, creating, exploring, or collaborating, Compass helps keep tools organized, materials accessible, and ideas in motion. Its versatile designs bring structure without sacrificing flexibility, empowering educators to transform classrooms, labs, makerspaces, and media centers into dynamic environments that support active learning.

The result is a collection that gives educators more freedom to teach, students more freedom to explore, and every learning space the flexibility to grow and evolve alongside them.

Compass. Ready for Every Direction.

How MooreCo Supports the Six Facets of Thrive with Compass Design:

Physical: "I Can Move & Fit"

Compass empowers students and educators to move, adapt, and engage with their environment. Mobile storage, flexible workstations, and adaptable furniture configurations support active learning and allow spaces to evolve throughout the day. Designed for learners of all ages and spaces of all sizes, Compass helps create environments that are comfortable, accessible, and easy to navigate.

Psychological: "I Feel Capable & Confident"

Well-organized environments reduce barriers to learning and help students take ownership of their work. By providing intuitive access to tools and materials, Compass promotes independence, self-direction, and confidence. Educators benefit from streamlined organization that helps classrooms run smoothly and supports positive learning experiences.

Intellectual: "I Can Think & Discover"

Hands-on learning begins with access and opportunity. Compass keeps tools, materials, and resources organized, visible, and within reach, encouraging curiosity, experimentation, and creative problem-solving. Flexible workspaces support everything from focused exploration to collaborative projects, helping learners engage more deeply with ideas and concepts.

Social-Emotional: "I Belong & Collaborate"

Learning thrives when people feel connected. Compass creates shared spaces where students can gather, build, create, and learn together. Collaborative work surfaces, accessible storage, and adaptable room layouts encourage communication, teamwork, and meaningful participation, helping every learner feel like a valued part of the community.

Moral: "I Contribute & Matter"

Compass helps create equitable learning environments where every student has opportunities to participate, create, and succeed. Flexible, inclusive designs support diverse learners, teaching styles, and classroom activities. By making resources accessible and collaboration natural, Compass encourages respect, responsibility, and shared ownership of the learning experience.

Spiritual: "I Can Explore & Imagine"

Discovery starts with possibility. Compass creates environments that invite learners to ask questions, pursue ideas, and transform curiosity into action. Whether designing, building, experimenting, or solving problems, students are empowered to explore new directions and uncover new perspectives. These spaces nurture a sense of purpose, wonder, and excitement about what comes next.

01: Learning with Compass

See Compass in action through a collection of thoughtfully designed learning environments that support creativity, collaboration, and discovery. From makerspaces and STEM labs to science classrooms, art studios, and flexible learning spaces, explore how Compass adapts to diverse educational settings while empowering hands-on, student-centered learning. Every space demonstrates how thoughtful design can inspire curiosity, encourage exploration, and support meaningful learning experiences.

The Innovation Hub

Where curiosity takes shape and ideas become reality.

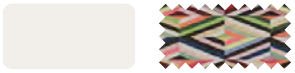

The Innovation Hub is designed to support the hands-on, minds-on learning experiences that prepare students for tomorrow's opportunities. Built around Compass's adaptable furniture solutions, this makerspace seamlessly shifts between instruction, collaboration, experimentation, and independent discovery, often within the same class period.

Mobile **Compass Makerspace Tables** allow educators to quickly reconfigure the room for group projects, STEM challenges, design thinking activities, or whole-class demonstrations. Featuring durable **Porcela™ porcelain steel tops**, the work surfaces double as interactive learning tools, giving students a place to sketch ideas, solve problems, map processes, and capture inspiration directly on the tabletop. Resistant to scratches, stains, and everyday wear, Porcela surfaces are built to support years of active learning.

Paired with the new **Hierarchy Low Back Stool**, students can move comfortably between focused work and active collaboration. Its streamlined design encourages engagement and mobility while maintaining the comfort needed for extended learning sessions. Mobile storage, in the form of the **Compass Maxi H2 Cabinet**, keeps tools, materials, and resources organized and accessible, while the open layout with **Orbit Low Back Chairs** promotes movement, communication, and creative problem-solving.

The Craft & Create Workshop

Built for making, designed for discovery.

The Craft & Create Workshop is a hands-on learning space where ideas take shape through experimentation, skill-/building, and real-world application. Designed to support woodworking, fabrication, prototyping, and technical education, this Compass-powered space combines durable work surfaces, accessible storage, and flexible mobility to keep students engaged in the learning process.

Compass Makerspace Tables with rugged butcher block tops provide a dependable foundation for everything from precision projects to collaborative builds. Throughout the room, **Compass Mini H3** and **Midi H2 Cabinets** keep tools, materials, and project components organized and within reach, transforming storage into an active part of the learning environment. Mobile configurations allow instructors to quickly adapt the space for demonstrations, individual work, or team-based projects without disrupting workflow.

Hierarchy 4-Leg Stools provide comfortable seating that supports active participation while maintaining the durability required for high-use workshop settings. The **Liso Glass Wall** and mobile **Ogee Curved Easel** create flexible presentation and ideation zones, giving students and educators space to sketch concepts, document processes, and share solutions throughout the design journey.

F. Liso Glass Wall

Maker Central

Configured for creativity. Built for what's next.

Maker Central showcases the power of Compass customization, creating a makerspace that adapts to evolving projects, teaching styles, and student needs. By combining **Compass Midi H2** and **Mini H3 Cabinets** as table bases, this environment creates varied work heights that support everything from seated collaboration to active, hands-on building. Integrated tub drawers maximize storage capacity, keeping supplies and project materials organized and accessible at every workstation.

Durable butcher block work surfaces provide ample room for design, prototyping, engineering challenges, and project-based learning activities. **Compass Porcelain Steel Lap Boards**, conveniently mounted to table sides or displayed on wall mounts throughout the room, give students instant access to personal brainstorming and ideation surfaces while keeping valuable workspace clear for building and experimentation. Group collaboration and storyboarding surfaces are provided with **Hierarchy Grow & Roll Mobile Glass Boards**.

A blend of **Hierarchy Grow Stools** and **Hierarchy 4-Leg Stools** supports learners of different ages and activities, encouraging movement, collaboration, and comfort throughout the day. Additional storage provided by **Compass Mini H3** and **Maxi H3 Cabinets** keeps the space organized and ready for the next challenge, while a custom **Compass Teacher Desk** paired with a **Hierarchy 5-Star Chair** creates a dedicated instructor station that remains connected to student learning.

The Creative Studio

Designed for expression, built for exploration.

The Creative Studio blends traditional art instruction with flexible, student-centered learning, creating a space where creativity can flourish in every medium. Thoughtfully designed around Compass makerspace solutions, this environment supports everything from sketching and painting to digital design, critique sessions, and collaborative projects.

Compass Makerspace Tables provide spacious butcher block work surfaces that stand up to daily artistic exploration while offering the flexibility to reconfigure the room as projects evolve. Paired with colorful **Hierarchy Grow Stools**, the space encourages movement, engagement, and collaboration, allowing students to comfortably transition between independent work and group activities.

Along the perimeter, **Compass Midi H2 Cabinets** with a combination of open shelving and tub storage serve as dedicated creative workstations, keeping supplies organized, accessible, and ready for use. The integrated storage helps maintain a clean, productive environment while ensuring materials remain within reach throughout the creative process.

At the front of the room, a **Compass Midi H2 Cabinet** outfitted with an angled **Compass lectern top** creates a mobile teaching station that supports demonstrations, instruction, and classroom management. An **Elate Drafting Stool** provides ergonomic comfort and mobility for educators.

The Learning Commons

One space. Endless ways to learn.

The Learning Commons is designed to support the many ways students learn throughout the day, blending collaboration, independent study, creative exploration, and small-group instruction into a single adaptable environment. Built around Compass makerspace solutions, the space easily transitions between traditional classroom activities, project-based learning, and informal learning experiences.

Compass Makerspace Tables create flexible work zones that can be arranged for group collaboration, individual focus, or hands-on activities. Paired with **Hierarchy Grow Stools**, students are encouraged to move, engage, and participate actively while maintaining comfort throughout the day. Additional seating provided by **Hierarchy 4-Leg Chairs** supports a variety of learning styles and instructional formats.

A **Compass Midi H2 Cabinet** with **flat-panel mount** serves as a mobile presentation station, allowing technology and instruction to move where learning is happening. Along the perimeter, Compass Maxi H3 Cabinets with shelving provide accessible book storage that helps define comfortable reading areas while keeping resources organized and within reach.

The instructor remains connected to every corner of the room through a **Compass Teacher Workstation** paired with an **Elate Task Chair**, creating a flexible teaching hub that supports both direct instruction and facilitation.

STEM Discovery Lab

Where ideas are tested, built, and brought to life.

The STEM Discovery Lab is designed to transform curiosity into hands-on learning, giving students the tools, space, and flexibility to explore science, technology, engineering, and mathematics (STEM) through active engagement. Every element of the environment is built to support experimentation, collaboration, and creative problem-solving.

Compass Makerspace Tables with both butcher block and laminate work surfaces create dedicated zones for a wide range of activities, from robotics and engineering challenges to coding projects and prototype development. The combination of surface options allows schools to tailor the space to specific programs while maintaining a cohesive, adaptable learning environment.

Throughout the room, **Compass Maxi H2** and **Maxi H3** storage cabinets serve double duty as both organizational hubs and additional work surfaces, keeping tools, components, and supplies accessible without sacrificing valuable floor space. Mobile **Inklüd Whiteboards** provide flexible brainstorming and presentation areas that move wherever collaboration is happening, encouraging students to visualize ideas, document discoveries, and share solutions throughout the learning process.

Hierarchy Low Back Stools support active learning with a comfortable, agile seating solution that encourages movement and engagement, while **Elate Task Stools** provide ergonomic support for focused work and technical tasks.

Featured Products:

A. Compass Makerspace Table
B. Compass Maxi H2 Cabinet
C. Compass Maxi H3 Cabinet
D. Inklüd Mobile Whiteboard
E. Elate Task Stool
F. Hierarchy Low Back Stool

BioDiscovery Lab

Exploring the science behind life, one discovery at a time.

The BioDiscovery Lab is designed to support inquiry-based science education, giving students a flexible environment where observation, experimentation, and analysis come together through hands-on learning. Whether investigating biological systems, conducting lab activities, or collaborating on research projects, students have access to adaptable furnishings that support every stage of the scientific process.

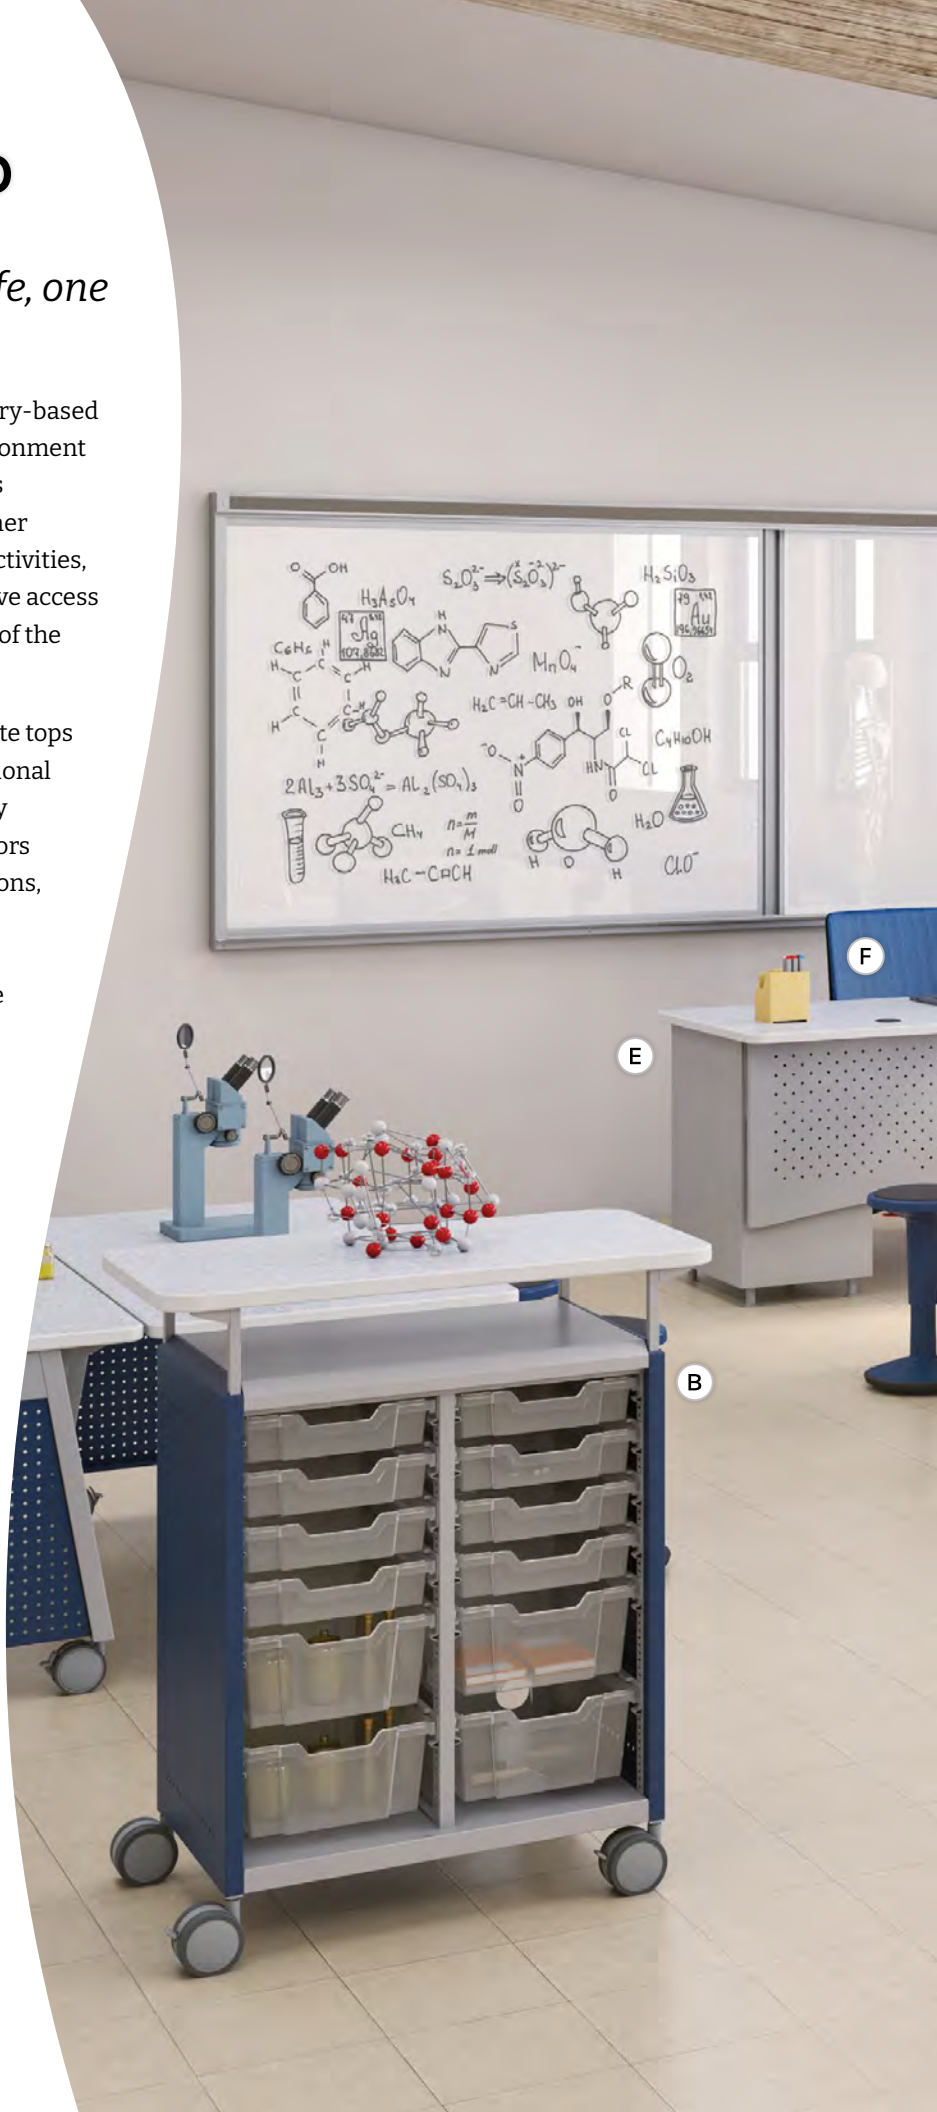

Compass Makerspace Tables with durable laminate tops and coordinated edge bands create clean, professional workstations that stand up to the demands of daily classroom use. Their mobile design allows educators to quickly reconfigure the room for lab investigations, collaborative projects, and demonstrations. A **Horizontal Sliding Board** further supports instruction, allowing the space to evolve alongside each lesson.

Compass Midi H2 Cabinets provide integrated storage and additional work surfaces, keeping supplies, equipment, and lab materials organized and accessible without disrupting valuable learning time. Combined with mobile workstations, the storage solutions help maintain an efficient, organized environment that supports both teaching and discovery.

Hierarchy Grow Stools encourage active participation by giving students the freedom to move comfortably between observation, discussion, and experimentation. At the front of the room, an **Avid Modular Des**k paired with an **Elate Task Chair** creates a functional instructor station that supports both direct instruction and facilitation.

The Collaboratorium

A destination for ideas, innovation, and active learning.

The Collaboratorium is designed as a dynamic learning ecosystem where students can gather, create, collaborate, and explore in ways that extend beyond the traditional classroom. By combining multiple learning zones within a single environment, the space supports everything from focused individual work and small-group discussions to hands-on projects, brainstorming sessions, and collaborative problem-solving.

At the heart of the space, **Compass Makerspace Tables** featuring durable **Porcela™ porcelain steel tops** provide flexible workstations that double as interactive learning surfaces. Students can sketch concepts, map ideas, solve problems, and share thinking directly on the tabletop, transforming every work surface into an opportunity for engagement. Paired with colorful **Hierarchy Grow Stools**, the environment encourages movement, participation, and active learning throughout the day.

Compass Makerspace Cabinets in a variety of sizes and storage configurations create clearly defined activity zones while keeping supplies, technology, and learning materials organized and accessible. Mobile presentation and collaboration tools—including a Compass cabinet with an **Ogee Whiteboard Top** and another with an **integrated whiteboard back**—allow ideas to move freely throughout the space, supporting spontaneous collaboration wherever it happens.

Lapboards not included.

Compass Porcelain Steel Lapboard

Compass Porcelain Steel Lapboards provide a portable, erasable surface for collaboration and group learning. Compact and magnetic, they support flexible classroom activities and pair with accessories such as marker trays, clips, desktop clamp mounts (fits desktops ¾″–1-¾″ thick), and wall mounts.

Compass Lapboards are also designed for use with the Compass Grande Cabinet, keeping lapboards organized and accessible, holding up to 32 lapboards on the exterior, and 100 inside.

SCS Indoor Advantage Gold Certified. Note: desktop clamp mounts are compatible only with the 72″W table.

Key	Part Number	Description	Dimensions	Ship Wt.
A	70501	Compass Porcelain Steel Lapboard (set of 4)	23″H × 18″W	16 lbs
B	70502	Docking Channel	2.3″H × 1.1″W × 6″D	2 lbs
C	70503	Single Docking Channel + Double Marker Tray	2.2″H × 6″W × 6.5″D	2 lbs
D	70504	Double Docking Channel + Marker Tray	2.2″H × 6″W × 4″D	2 lbs
E	70505	Wall Mount	3.3″H × 7″W × 3″D	2 lbs
F	70506	Marker Clip	1″H × 1.5″W × 1.5″D	2 lbs
G	70507	Desktop Clamp Mount	5.9″H × 6″W × 2.8″D	2 lbs

04: Compass Makerspace Tables

Compass Makerspace Tables provide durable, flexible workspaces for creating, building, experimenting, and problem-solving. Available in multiple sizes and surface options, these tables are designed to support everything from individual projects to collaborative STEM, CTE, and maker-based learning experiences. Built to withstand the demands of active classrooms, they encourage innovation while adapting to evolving instructional needs.

Compass + Porcela™

moorecoinc.com/porcela

Built for creating, testing, and discovering

Porcela is a premium, patent-pending porcelain steel work surface designed for the demands of maker and STEAM environments. From brainstorming concepts to building prototypes, its smooth, magnetic surface supports every stage of the creative process. Nonporous and highly resistant to scratches, stains, ghosting, and chemicals, Porcela stands up to daily experimentation while wiping clean with minimal maintenance. Durable enough for hands-on learning and versatile enough for collaboration, it transforms any workspace into a hub for innovation.

Key	Part Number	Description	Dimensions	Ship Wt.
31	91694-A-PORC-CHAR	Compass Makerspace Table 6030 – Porcelain Steel Top (29 in)	29″H × 60″W × 30″D	134 lbs
32	91715-A-PORC-CHAR	Compass Makerspace Table 6030 – Porcelain Steel Top (36 in)	36″H × 60″W × 30″D	141 lbs
33	91696-A-PORC-CHAR	Compass Makerspace Table 6030 – Porcelain Steel Top (42 in)	42″H × 60″W × 30″D	149 lbs

Compass Table Accessories:

Part Number	Description	Dimensions	Ship Wt.
52990-XXXX	Compass Makerspace Table Side Panels (set of 2)	19″H × 21.7″W × 1.5″D	134 lbs
91698	Compass Makerspace Table Shelves – 36″ Table (set of 2)	1.9″H × 29″W × 9″D	141 lbs
91699	Compass Makerspace Table Shelves – 60″ or 72″ Table (set of 2)	1.9″H × 58.2″W × 9″D	149 lbs

05: Compass Island Worktables

Compass Island Worktables create collaborative hubs that encourage teamwork, discussion, and shared discovery. With generous work surfaces, durable construction, and configurable options, they provide educators with flexible solutions for science labs, makerspaces, classrooms, and other active learning environments. Designed for high-use spaces, they bring people together while supporting hands-on instruction, experimentation, and collaborative problem-solving.

Compass Island Worktable: Round 29 in.

Compass Teacher Desk (Standard)

Your Desk, Ready to Roll!

Perfect for teachers who thrive in active learning labs, maker spaces, or hands-on classrooms, the Compass Teacher Desk is designed with mobility, organization, and modern style in mind. Pre-configured with the most popular features, this desk offers everything needed to support both teaching and daily tasks.

The spacious laminate work surface provides ample room for collaboration and instruction. Available in three standard laminate finishes with matching edge bands, the desk creates a clean and cohesive look. Dual cabinet pedestals are included in identical pairs, giving you the choice of tote drawers or shelves for storage flexibility. Locking doors secure equipment and materials, and are available keyed randomly or keyed alike.

The design is finished with a crisp Cool Gray side panel and a modern arched modesty panel featuring perforated detailing for a contemporary touch. Practical, stylish, and durable, the Compass Teacher Desk supports educators in today's dynamic learning environments.

(Detail)

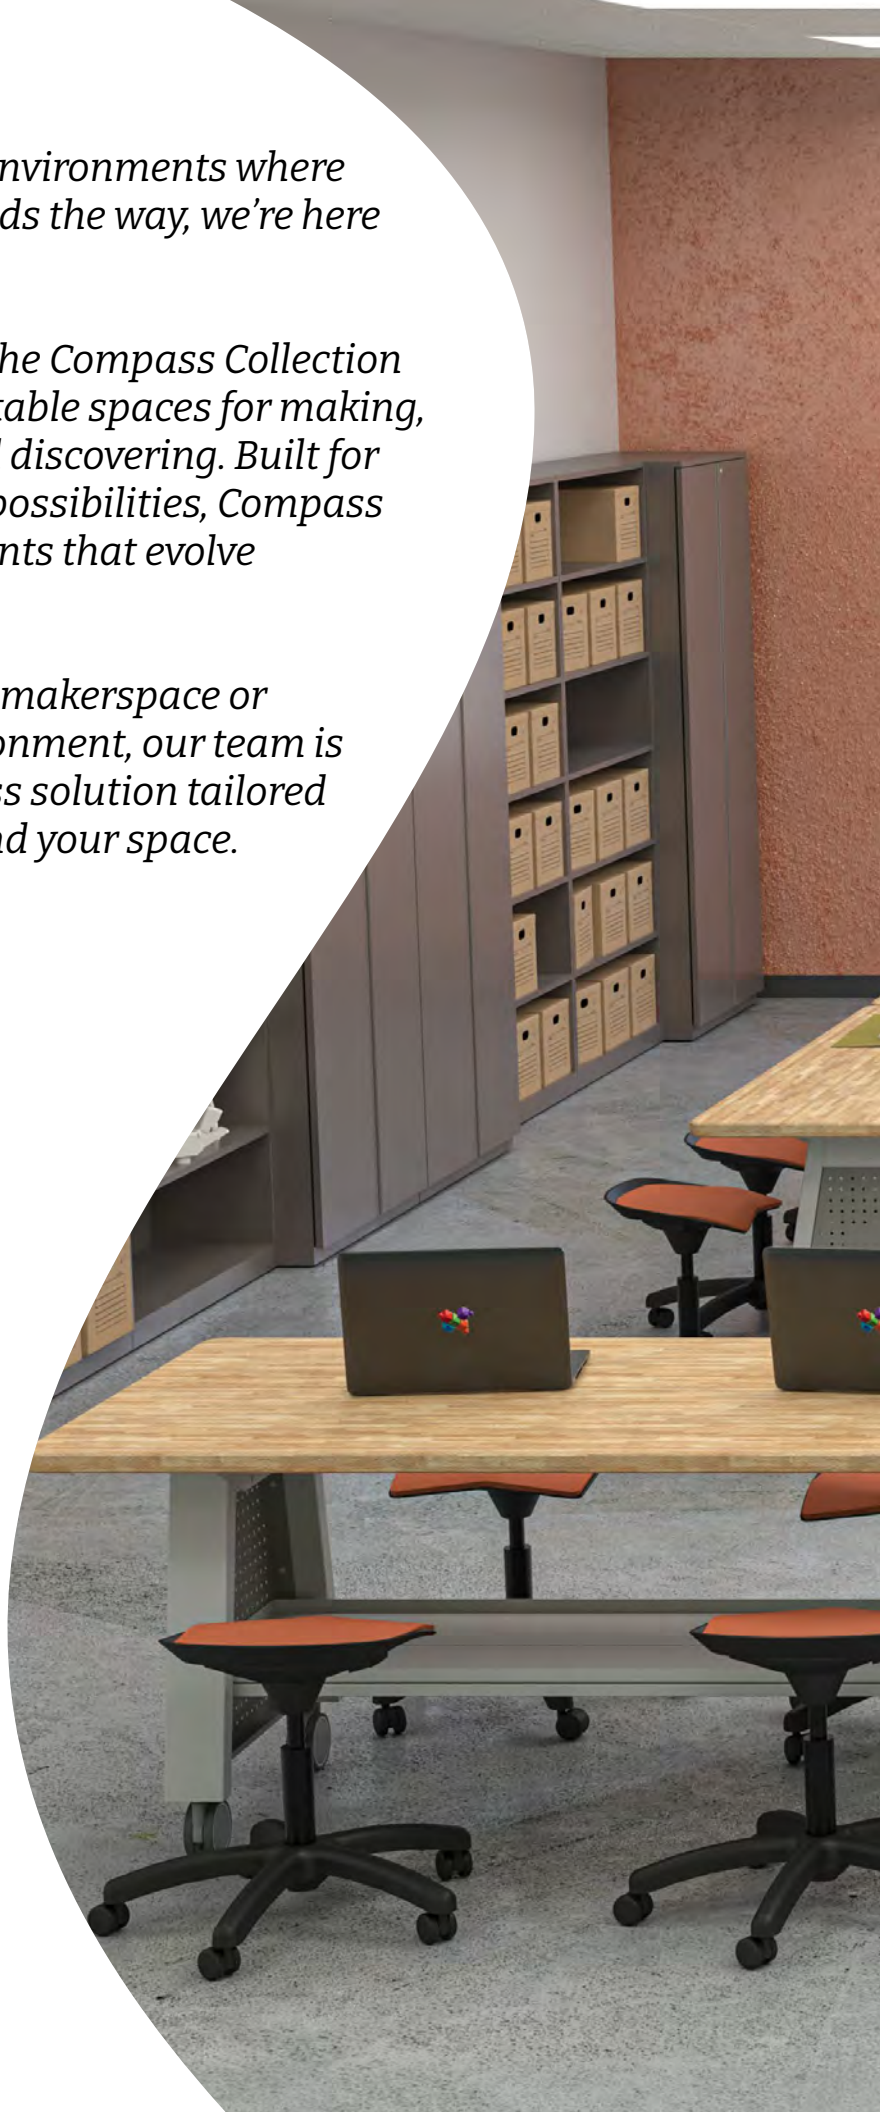

If you're ready to create learning environments where ideas take shape and curiosity leads the way, we're here to help.

Guided by our Thrive Philosophy, the Compass Collection transforms classrooms into adaptable spaces for making, experimenting, collaborating, and discovering. Built for flexibility, durability, and endless possibilities, Compass helps educators create environments that evolve alongside the way students learn.

Whether you're outfitting a single makerspace or planning an entire learning environment, our team is ready to help you create a Compass solution tailored to your vision, your curriculum, and your space.
