

Shown with optional casters

## OVERVIEW

Elemental Student Desks come with a custom leg set that adjusts from 22.5" - 29.5" in 1" increments. Optional casters can be added - height maintains same adjustable range of 22.5" to 29.5".

## MATERIALS

There are two options for the work surface, hard plastic and laminate. The 1 1/4" thick laminated work surface consists of a 45 lb density particle board core with a 0.030" high pressure laminated surface and a 0.020" melamine backer sheet. The edge of the tabletop features your choice of a 3/8" bumper t-mold or 4mm t-mold, which is then fastened to the underside of the work surface every 6 to 8 inches to assure a long lasting fit. Both the laminate and hard plastic tops are Greenguard gold certified.

Elemental Student Desk leg sets are constructed of 14-gauge steel with a durable powdercoat paint finish in one of five colors. The legs are reinforced by a gusseted, 'spade' shaped, mounting plate. Legs come standard with a nylon base glide. When adding the optional caster pack, the leg insert tube is removed and flipped, revealing the caster end of the leg. The adjustability remains the same at 22.5" to 29.5" with either caster or glide installed.

## OPTIONAL CASTERS

Optional dual-wheel 3" casters available, ordered separately as their own line item. Model 17570.
